100,000 HOMES

For 100,000 homeless Americans by July 2013

mercy foundation®

100,000 Homes Campaign

100,000 Homes Campaign

Vulnerability Factors

1. Liver Disease
2. End-Stage Renal Disease
3. HIV+/AIDS
4. Age over 60 years
5. History of Cold Weather Injury
6. 3 or more ER visits in the previous 3 months
7. 3 or more ER/Inpatient episodes in the past year
8. Tri-morbidity

100,000 Homes Campaign

Key areas of change:
1. Local team and political will
2. Clarify the demand
3. Line up housing supply
4. Getting people off the streets
5. Keeping people housed
6. Health Integration

100,000 Homes Campaign

Housing First Model

Approach
No requirements -sobriety, treatment engagement, or medication management
Permanent, affordable housing linked to services to help maintain housing
Opportunity to live more independent, healthy and fulfilling lives
Strengthens communities and helps integrate people with disabilities and other special needs into the life of their neighborhoods

Research
Permanent housing sticks
"Hardest to serve" are similar to "more desirable" individuals
Single most effective, and most cost-efficient, way to reduce homelessness
